

Hey there I am Stacy Jones and I am running for the position of Student Government Vice President. Incidentally, I am the only candidate running for this position, but I think it is important for you to hear where I stand and what I can do for this school. A candidate should be a well-rounded person who is not only a hard worker, but someone who brings people together. A leader needs to be someone who people listen to and someone who they feel they can connect with. I am running for this position because I am that kind of person. I listen to people because I know that strength comes in numbers. No one would be where they are today if it were not for those who helped them get there. As a vice president one of my main goals is to keep pep assemblies a reality in our school. I want them to be assemblies that in some way involve people from every aspect of school, not just sports, so more people will be able to interact. Secondly, I would like to develop more communication between student government officers, class officers, and other clubs. Like I said before, strength comes in numbers, and by uniting the entire student body you form one group that can accomplish anything it wants to achieve. I believe in making real promises that can effect a wide group of people, not only a select few. Just remember, vote for me not only because I am the only name on the ballot, but because I am the right person for the job.
