

CHAIRMAN: Josh Lewis

□

SLOGAN: " If you want things done right, vote for Mike! "

□

PLATFORMS: If elected as president, I would like to try to get more student participation in sports activities. This means trying to get more student tickets sold by promoting the games and activities. By doing this, the school can come together and not only have an enjoyable time at games, but also help support their fellow peers.

□

Also, if elected as president, I would like to change the homecoming dance. Instead of hiring a DJ to play music, I would like to have auditions for students that have bands and would like to play live music at the dance. The best band would perform at the dance. This will bring a fun and exciting change to the dance.

□

POSITION ESSAY: If elected as class president, I will do my best to fulfill all responsibilities that are required and go above and beyond what is asked of me. I am a good student in the classroom, so maintaining a GPA above 2.5 will be no problem. I am also a very good leader. I like taking on challenges and working hard to complete the task, no matter how hard it is. I am also very responsible. I will be on time and present to every meeting. Also, any task that is given to me, whether it be overseeing a project or helping with an extra-curricular activity, I will make sure that it will be done to the best of my ability. I am also very trustworthy. If elected, I will make sure that I appoint responsible and hard working students as Class Senators. If elected president I will do my best to better off the student body and to make Mentor High a more enjoyable place to be.
